

FOET - Further Offshore Emergency Training with CA-EBS (Standard Code: 5850)

Beschreibung:

The FOET with Compressed Air Emergency Breathing (CA-EBS), is a 1 Day course and is OPITO approved.

This course will give delegates the opportunity to practice and demonstrate emergency response skills which are not possible to practice during offshore drills, exercises and emergency training.

This course is a mix of theoretical and practical sessions, during which delegates will be required to demonstrate their level of knowledge and understanding of the training programme content.

Revalidation - The FOET is valid for a 4 year period.

IMPORTANT NOTE: Under OPITO regulations, delegates **MUST** complete this course before your previous BOSIET or FOET certificate expires.

Ziel:

Demonstrate, in a simulated environment, that they can use the safety equipment and follow procedures in preparing for and during helicopter emergencies - with particular focus on escaping from a helicopter following ditching.

Demonstrate that they can use basic firefighting equipment effectively, and use self-rescue techniques in low visibility and completely obscured visibility situations e.g. smoke filled areas.

Demonstrate that they can perform basic first aid.

Award: An OPITO approved certificate will be issued upon successful course completion

Voraussetzungen:

Items to bring:

National Photographic Identification/Passport/Driver's

License, Medical Certificate, Swim wear and towel.

For pool activities it is advisable to bring a change of clothing i.e. T-shirts, tracksuits, etc.

Delegates will be required to produce one of the three certificates outlined below:

Produce a valid, unexpired offshore medical certificate confirming the delegate's fitness for offshore work.

OR

A valid, unexpired, medical certificate of fitness to work at sea.

OR

A self declaration of fitness to undertake shallow water CA-EBS training.

AND

On the date on which the delegate is to undertake shallow water CA-EBS training, and prior to entering the water in which the training takes place, the delegate gives to the OPITO-approved Centre a statement, that to the best of the delegate's knowledge and belief, the delegate has no (current or past) medical condition which makes the delegate unfit to participate in the training.
